spare parts • car & truck workshops • tyre repairs • refinishers • car washes • gas stations • accessories

Athens, 13/10/2023

PRESS RELEASE

On Sunday, October 1st, the AUTOTEC EXPO 2023, was concluded after a successful three days operation, which took place at the exhibition center, Metropolitan expo, hosting more than 15,000 visitors from all over Greece and abroad.

AUTOTEC EXPO 2023, was held under the auspices of EOVEAMM (Unified Federation of Automotive and Motorcycle Repair Technicians) and ACSMI (Athens Chamber of Small and Medium Sized Industries), and set a record number of visitors, thus heading towards to the 2025 event.

The important presence of official bodies, representatives of the leading aftermarket companies, the political leadership and thousands of professionals, contributed decisively to the identification of the exhibition as a point of reference and a meeting point for the related sectors. A great success of AUTOTEC EXPO 2023, was the excellent comments received from more than 1,000 foreign visitors, representatives of major companies, regarding the entire event organization, defining it as an exhibition with European standards.

In the framework of the exhibition, the largest companies of spare parts, equipment and services of the aftermarket sector of the car, auto repair shop-vulcanizers-paint and bodyshop hull, passenger-truck cars and repair stations, maintenance and care of all motor vehicles attended.

An integral part of the exhibition were the side events that included competitions, technical workshops, speeches and presentations, the topics of which revolved around the modern technological tools used in the automotive aftermarket sector, as well as their application.

AUTOTEC EXPO 2023 leaved the best impressions on organizers and public, renewing the appointment with professionals in the field in 2025, setting the standars even higher.
