

## PRESS RELEASE

### LOGISTICS MOVING FORWARD... TO THE GREEK 'SUPPLY CHAIN & LOGISTICS TRADE FAIR' 2023\_ SEPTEMBER 30- OCTOBER 2 IN ATHENS

2023 dawned with a field of glory for the domestic supply chain industry, which is adapting dramatically to all major trends, while the much-anticipated international trade release from the covid "bindings", according to scientific forecasts, finally in 2024, creates expectations for intensive growth in the near future.

In this environment, **O.MIND CREATIVES**, true to its commitment to promote the logistics, supply chain and commercial vehicle, with a staff of experienced partners and accomplished executives, organizes the **9th "Supply Chain & Logistics" exhibition** and **4th "Cargo Truck & Van Expo"**, on **September 30 – October 2, 2023, at Metropolitan Expo.**

#### Meeting point

Recognized for its value and efficiency, the exhibition, with **300 exhibitors** from across the entire chain supply chain, **logistics, material handling, freight transport** and **commercial vehicles**, in a exhibition area of more than 22,000 sq.m., framed by a series of parallel events and LOGI.C events, it is expected to set the "tone" of the market's growth pulse, being once again a "meeting point".

With **thousands of visitors** from the entire spectrum of the commercial and industrial world from Greece and abroad, **the organization of the 2023**, looks forward to being the meeting point and setting the pace for a rapid growth in the country's events in the next 5 years, with significant investments, company partnerships and cluster creation.
